

A large, stylized illustration of an open box, rendered in various shades of purple. The box is open at the top, with its flaps spread out. The interior of the box is visible, showing a pattern of horizontal lines. The box is centered in the upper half of the page.

MEMORY BOX

Decorate a box or tin, and then write down some of your favorite memories with your Mom on index cards and put them in the box. You can even print up some pictures of these memories if you have them. She can pull the box out over and over again and remember the fun times with the family.
